

Call for papers

The **3rd Workshop on Breast Image Analysis** will take place at Munich, Germany, as part of the 18th International Conference on Medical Image Computing and Computer Assisted Intervention (MICCAI) 2015 on **October 9th, 2015**.

It is the purpose of this workshop to bring together researchers in the field of breast imaging to discuss and exchange new ideas and applications.

Topics of the workshop will include:

- Models for breast deformation,
- breast image registration,
- multimodal and multi-disciplinary image analysis and correlation,
- breast density analysis and risk assessment,
- computer aided detection and diagnosis,
- radiomics of breast tumors
- quantitative analysis of breast imaging modalities,
- measuring response to treatment,
- relating imaging biomarkers to risk factors and non-imaging information,
- planning and guidance for breast surgery,
- and research related to the elucidation and improvement of clinical workflows.

We invite electronic submissions (LNCS style, 4-8 pages including all images, tables, and references, no references to the author names or affiliations) via the workshop website <http://www.miccai-bia.org>. Accepted papers will be published online, with an ISBN key to allow for citation. The publishing mode will permit re-submission of accepted contributions to journals or conferences.

Important Dates

Paper submission deadline:	June 15, 2015
Notification of acceptance:	July 15, 2015
Camera-ready paper:	July 31, 2015
Workshop:	October 9, 2015

Keynote

Prof. Dr. med. Laszlo Kovacs
 University hospital Klinikum rechts der Isar, Technische Universität München
